RESPONSIBILITY CODE

1. Always stay in control. You must be able to stop or avoid people or objects.
2. People ahead or downhill of you have the right-of-way. You must avoid them.
3. Stop only where you are visible from above and do not restrict traffic.
4. Look uphill and avoid others before starting downhill or entering a trail.
5. You must prevent runaway equipment.
6. Read and obey all signs, warnings, and hazard markings.
7. Keep off closed trails and out of closed areas.
8. You must know how and be able to load, ride and unload lifts safely. If you need assistance, ask the lift attendant.
9. Do not use lifts or terrain when impaired by alcohol or drugs.
10. If you are involved in a collision or incident, share your contact information with each other and a ski area employee.

			FREESTYLE TERRAIN		CLOSED AREA										

Grand Targhee Resort is located in the Caribou-Targhee National Forest and is under permit from the Forest Service, USDA.

While snow safety and avalanche mitigation efforts help reduce the risk of avalanche, avalanches and snow slide may occur at ski areas, both inside and outside of the posted boundaries. Avalanches are an inherent risk of the sport due to the very nature and location of skiing and riding in steep mountain terrain. Become educated on how to reduce the risk of injury or death from avalanches through your own action and awareness.

For more information visit GrandTarghee.com and avalanche.org to learn more about the risks and prevention of avalanche-related injuries or death.
Lift operation is 9:00am - 4:00pm conditions permitting.
