Note: The relative degree of difficulty markings system is a RELATIVE one, valid only at Badger Pass. The green circle, blue square and black diamond markings do not necessarily indicate the same difficulty as at other ski areas. Skiers should work their way up, beginning with the easiest trails no matter what their ability level may be, until they are familiar with the trails. Be advised that all poles and/or flags, signage and covers on equipment or objects or other forms of markings devices are used by the ski area to inform you of the presence or location of a potential obstacle or hazard. These markers are no guarantee of your safety and will not protect you from injury. It is part of your responsibility under the Responsibility Code to avoid all obstacles or hazards, including those that are so marked.
