- Skiers shall familiarize themselves with posted information on location and degree of difficulty of trails and slopes to the extent reasonably possible before skiing any slope or trail.
- Skiers shall not cross the uphill track of any surface lift except at points clearly designated by the ski area operator.
- Skiers shall not overtake any other skier except in such a manner as to avoid contact and shall grant the right of way to the overtaken skier.
- Skiers shall yield to other skiers when entering a trail or starting downhill.
- Skiers must wear retention straps of other devices to prevent runaway skis.
- Skiers shall not board rope tows, wire rope tows, j-bars, t-bars, ski lifts of other similar devices unless they have sufficient ability to use the devices, and skiers shall follow any written or verbal instructions that are given regarding the devices.

- A skier who is injured should, if reasonably possible, give notice of the injury to the ski area operator before leaving the ski area.
